Nearly 80 children with upper limb differences and their families made their way to Camp Crystal Lake on the weekend of April 12th-15th for the Annual Hands to Love (H2L) Hand Camp. The furthest trip this year was made from Oregon. From toddlers to teens - this affirming and success oriented weekend offered athletic challenges, STEAM activities and many opportunities for networking with 230 family members supported by 130 volunteers.
Be sure to read about how H2L is making a difference in the lives of a young couple excepting their first child:
