Soft-Tissue Guided Partial and Total Knee Replacement

Presented by:

Fabio Catani, MD
Chair of Orthopaedic Surgery
University of Modena
Modena, Italy

Buffet   6:00 - 7:00 pm
Presentation 7:00 - 8:00 pm
Q&A Session 8:00 - 8:30 pm

LEARNING OBJECTIVES:
Upon completion of this activity, participants should be able to:
1. Define and describe the theory behind soft-tissue guided partial and total knee arthroplasty.
2. Integrate soft-tissue guided methods as part of their surgical approach to knee arthroplasty
3. Select appropriate instruments and technologies for implementing soft-tissue guided procedures in knee arthroplasty

Disclosure
Dr. Fabio Catani has disclosed that he is a consultant to NCS Labs, an Italian company that is working to bring his inventions on soft-tissue balancing to commercialization.

Activity Director, Dr. Thomas Wright, disclosed that he received research grant fund from Exactech, is an consultant for Exactech, and also receives royalties from Exactech.

Planning Committee Member, Dr. Mark Scarborough, disclosed that he is an consultant for Exactech. No one else in a position to control content has any financial relationships to disclose.

Accreditation
The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit
The University of Florida College of Medicine designates this live activity for a maximum of 1.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
