## Patient Parking

Parking is available adjacent to the Institute. Closest to the front (South side) of the building, there is parking for visitors with Disabled Parking Permits.

Free/complimentary Valet Parking is also available on the south side of the building at our main entrance.

The main visitor parking area is immediately adjacent to the West side of the building.

The OSMI is pleased to provide our patients and our visitors **free parking**. This initiative is part of the UF&Shands and University of Florida Academic Health Center commitment to continuously improve the quality of the patient care experience.

**Patients and their visitors should pick up complimentary parking vouchers at their point of service and hand the voucher to the attendant on exiting the parking area.**

**Free/complimentary Valet Parking is also available** on the south side of the building at our main entrance.
