Orthopaedics and Rehabilitation

This week we celebrated National Doctors Day here at UF Orthopaedics! In recognition of the outstanding care they provide daily, many of our physicians received cards from grateful patients who made gifts to UF Health in their honor!

Pictured below posing with their cards are Dr. Parker Gibbs, Chief Medical Officer for UF Health Shands and Division Chief for Orthopaedic Oncology, and Dr. Justin Deen, Medical Operations Director of OSMI and Assistant Professor in the Division of Adult Arthroplasty and Joint Reconstruction. If you’d like to learn how to make a gift in honor of your #UFOrtho physician, please contact Lacie Klann at lklann@ufl.edu for more information.
