Innovation in Orthopedic Surgery: "Good Trouble"

Thursday, May 4, 2023

Presentation 6:00 - 7:00pm Q&A Session 7:00 - 7:30pm

LEARNING OBJECTIVES:

Upon completion of this activity, participants should be able to:

1. List one of the top ten inventions that have been suggested as critical to the development of modern orthopedic surgery
2. Illustrate one of the several ways surgeons can provide essential input to the development of novel orthopedic procedures or devices
3. Describe one of the potential barriers to the successful clinical introduction of a new orthopedic device or procedure

Disclosure

Dr. David Lewallen has disclosed he received research grant funds from Corin USA and is a consultant for BIOS, Zimmer Biomet. He is also a shareholder with Acuitive and Ketii Medical Devices and receives royalties from Zimmer Biomet. No one else in a position to control content has any financial relationships to disclose. Conflict of interest information for the CME Advisory Committee members can be found on the following website: <https://cme.ufl.edu/disclosure/>. All relevant financial relationships have been mitigated.

Accreditation

The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit

The University of Florida College of Medicine designates this live activity for a maximum of 1.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
