

# Musculoskeletal Pathology Course

## Recommended reference materials

1. University of Florida Jump Drive with course materials
2. Orthobullets <http://www.orthobullets.com/user/dashboard?id=all&specialty=8&menu=topic>
3. Bone tumor.org <http://www.bonetumor.org/>
4. Reference books
5. Apps
  - a. British NHS app which is **highly** recommended, case-based learning at its finest!  
<https://www.rnoh.nhs.uk/services/cellular-and-molecular-pathology/bostt-app>
  - b. Pathoutlines--more of a reference than a study resource  
<https://www.pathologyoutlines.com/>
  - c. Another app that has a lot of slides:  
<https://apps.apple.com/us/app/cytoatlas/id908735518>
